<p>A faculty member would contact OVPR to learn about research and obtain information and assistance about research resources such as core facilities, centers and institutes, OVPR fiscal information or cost share for external proposals, the Research Council, the Research Liaisons and so much more. It is a one-stop shop for information about research at OU.</p>	<p>A faculty member should contact CARD if s/he is working on applied research or research that might be of interest to a company or other entity that supports commercializable research.</p>	<p>A faculty member would work with CRPDE to discuss their research programs and career strategy for their research, develop research ideas, identify funding sources and potential collaborators, discuss internal funding programs, and/or request assistance with team building for a project.</p>	<p>A faculty member would work with his/her research involves restrictions. The Export Controls website has a helpful decision tool, The Export Control Decision Wizard, www.ou.edu/content/exportcontrols/decisionwizard.html, to assist with specific understanding of export control issues related to research.</p>	<p>A faculty member would work with ORS to develop a budget for an external proposal, ask questions about the InfoSheet or the internal routing process for proposals, get information about sponsor forms for proposals or request financial information for an external grant.</p>	<p>A faculty member would work with OTD if s/he had research/scholarship that could be commercialized.</p>	<p>A faculty member would contact the Office of Compliance to learn more about the policies and regulations that might apply to his/her research, especially in the case of human participants, animal use in research, use of hazardous materials and the like.</p>	<p>A faculty member would contact the Writing Center for information about assistance with the writing and editing of book projects, journal publications or grant proposals</p>
<p>OVPR, Norman Campus (including Programs at OU-Tulsa), is responsible for the development and/or dissemination of official policies in the research and creative activity arena, as well as the facilitation of faculty, student and staff scholarship in all disciplines represented on the Norman Campus.</p>	<p>CARD was created to pursue new R&D opportunities that complement the existing OU Norman campus strengths in basic research and outreach via the addition of an organization that focuses on <u>applied</u> research and development across all disciplines.</p>	<p>CRPDE assists OU faculty, research scientists, postdocs and graduate students in their efforts to build strong and competitive programs for research, scholarship and creative activities.</p>	<p>Office of Export Controls assists the OU Community with many of which are related to international research and restrictions on research (e.g., shipping research items internationally; traveling with OU equipment; engaging in certain types of research (defense; classified, etc.).</p>	<p>ORS's primary purpose is to support research within the University community and has responsibility for pre- and post-award research administration including financial administration.</p>	<p>OTD focuses on getting value from the technology that is developed at OU which, in turn, increases the university's research, and creates new companies or finds companies that can benefit from that technology, all of which contributes directly to the intellectual, economic, social and cultural vitality of the state and nation.</p>	<p>The Office of Compliance enhances consciousness for OU's workforce by promoting the highest standards of ethics and integrity through awareness, training, education, monitoring, oversight, and appropriate responses to confirmed violations.</p>	<p>The Writing Center is a university-wide program, enriching learning, teaching and research, assisting students and faculty across the campus with all types of writing projects at any stage in the writing process.</p>
