Description: The Knee Center has undertaken a project to record the history of the Anne and Henry Zarrow School of Social Work. The history project will expand the history of Fifty-Three Years of Education for Social Work at the University of Oklahoma written by Professor J.J. Rhyne, covering the years 1917 to 1970. Alums and friends of the School are encouraged to send any historical materials they are willing to share to the project group. A series of continuing education events focusing on the history of the School are being planned.
