### PRACTICUM OPTIONS

As a full time direct practice student, you have two practicum options.

**Option 1:** Plan a practicum for the spring semester. This placement is 16 weeks long and approximately 40 hours/week.

**Option 2:** Plan a practicum that will begin in the spring and extend into the summer making it more “part-time.” This placement is 16 weeks in the spring and 12 in the summer and approximately 18 hours/week.

**ELECTIVE INFORMATION:** Students are required to take 6 hours of electives. They may be taken whenever students wish but our recommendation is that students take one the first summer and then meet with an advisor about when to take the second one.
